

The Lab Design Symposium

Presented by:

◆ **SAFE** ◆ **SMART** ◆ **SUSTAINABLE** ◆ **SOLUTIONS** ◆

10:20 - 11:00 AM - SEFA Advisory Board Member - Brian Richard, AIA NCARB
Exec Vice President - Kirksey Architects

Safe Chemical Management
Design Strategies for Large Footprint Labs and Campus Users.

11:00 - 11:40 AM - SEFA Advisory Board Member - Victor Cardona, AIA NCARB
Vice President - SmithGroupJJR

Selecting Sustainable Equipment for your Lab and Vivarium:
A Look at what is Available and your ROI (Return on Investment).

11:40 - 12:20 PM - SEFA Advisory Board Member - Dario Tonelli, Principal
LaborPlaner Tonelli, A.G.

Innovative Laboratory Planning - A European Perspective

2:20 - 3:00 PM - SEFA Board Member - Kurt Rindoks,
Vice President Engineering - Kewaunee Scientific
Chip Albright - President - Creative Solutions

SEFA 10—Recommended Practices for Adaptable Casework Systems

3:00 - 3:40 PM - Valentino Inama - Bicasa, S.r.l.,

Best Practices from Laboratory Projects throughout the World

3:40 - 4:20 PM - David J. Sutton, JD, CAE - Executive Director & General Counsel -
Scientific Equipment & Furniture Association

Panel Discussion on Global Lab Design Trends and Solutions
