

DAN WEINMEYER

Dan Weinmeyer has joined ISEC, Inc. as Vice President of Science and Technology. A proven industry leader, Weinmeyer brings over 25 years' executive experience of facility and laboratory construction, and a broad competency of performance driven solutions.

Weinmeyer's primary focus includes increasing the national bandwidth of our specialists, maintaining world-class product portfolios which serve our client's needs, and upholding ISEC's mission, "We Build for Life's Most Important Events™".

Founded in 1967, ISEC, Inc. is a national subcontractor and prime trades contractor. For over 50 years, ISEC has provided leading products and construction services, accomplished through the design and delivery of world-class solutions. ISEC, Inc. has grown to be a top specialty subcontractor, ranked #59 on ENR's 2020 Top 600 Specialty Contractors List with annual revenues of \$500+ million and 1,500 employee owners, nationwide.
